FOR IMMEDIATE RELEASE

### **GOVERNOR STEVE BESHEAR TO HEADLINE RALLY**

HENDERSON, Ky.—Kentucky Governor Steve Beshear will be the featured speaker at the Rally 4 Education Excellence on Saturday, 21 March, at the Fine Arts Center at Henderson Community College.

“Having the governor kick off our Rally underscores the importance of this event,” said Charlie Moore, one of the event organizers. “Governor Beshear has demonstrated a strong commitment to the education of Kentucky's children, and truly understands that education is critical to the success of our Commonwealth.”

Since his election in November 2007, Beshear has made quality, accessible education one of the top priorities of his administration. Most recently, he announced the creation of the Task Force on Early Childhood Development and Education.

The Rally 4 Education Excellence is the first step of a larger effort aimed at bringing together all the parts of the community to encourage and support excellence in our educational systems. In addition to the Governor, approximately a dozen state and national leaders will be participating. All attendees can register to win one of two \$250 scholarships to be given away at the Rally.

The Rally is a program of Northwest Kentucky Forward. Lead Rally Sponsors include Old National Bank, Henderson County Fiscal Court, and Union County Fiscal Court.

For more information or to register for this free event, go to [www.rally4education.com](http://www.rally4education.com).
