FOR IMMEDIATE RELEASE

STATEMENT REGARDING THE LAYOFFS AT RAYLOC

HENDERSON, Ky.— Rayloc Morganfield has been an important part of Union County and Northwest Kentucky for more than 30 years. As a result, Northwest Kentucky Forward was very disappointed to learn this morning of Rayloc's plans to discontinue production at their Morganfield facility.

This facility has been an outstanding operation for the company as demonstrated by their recent implementation of their highly efficient cell production system.

Northwest Kentucky Forward is working with our Rapid Response partners to address the needs of employees. Additionally, we are committed to doing everything we can to help replace these jobs as quickly as possible and to maintain the jobs that will remain.

Our thoughts and prayers are with the workers, their families, and the community during this time and we look forward to working with them through this difficult period.
